

Learning to drive is not just about getting a driving license but is an essential skill for life. That said, about B and Son driving school page so here are a few facts about the company.

The company was started in 2006 with the main goal of educating the people in Uganda best safe driving skills. In 2006 the company had only facilities for driving but after two years down the road the managers realized that people in the country were continuously driving under the influence of drugs and alcohol which was causing a lot of accidents on the roads. So he decided to start a department in the driving school educating people about the danger of alcohol and drugs.

B and sons Driving School offers the 3-Hour Alcohol & Drug Education Program (ADEP). This required to equip drivers with bad effects of drugs and alcohol who have a valid driver's license. This programming has helped driver to know the effects of alcohol and drug use. As a public health practitioner, this was my area of interest and i focused in this department to teach and inform clients. Because this was about occupational health.
